Trump and Kim Jong-un could get the Nobel Peace Prize – 15th June, 2018

Level 0

Donald Trump and Kim Jong-un could win a Nobel Peace Prize. Betting companies cut their odds on them winning. President Trump is now 2/1 to get it. North Korea giving up nuclear weapons and the USA stopping "war games" would make the world safer. A historian said: "It would be very difficult to not award them the prize."

The historic meeting was the first time that leaders from the U.S. and North Korea have met. The two men shook hands. Some people say they should not get the prize. Mr Trump pulled out of the Paris Climate Agreement. Critics also point to human rights in North Korea. Maybe South Korea's President Moon Jae-in should get it.

Level 1

Donald Trump and Kim Jong-un could win a Nobel Peace Prize after their historic meeting in Singapore. Betting companies cut their odds on one or both of them winning. President Trump is now 2/1 to get it. North Korea giving up nuclear weapons and the USA stopping "war games" would make the world safer. A Nobel Prize historian said: "If [there was] real disarmament on the Korean peninsula, it would be very difficult to not award them the prize."

The historic meeting between the leaders is a key event. It was the first time that leaders from the U.S. and North Korea have met. The two men shook hands, met in private, and signed an agreement for a better future. Some people say they should not get the prize after Mr Trump pulled out of the Paris Climate Agreement and upset the Iran nuclear deal. Critics also point to human rights in North Korea. Other people say South Korea's President Moon Jae-in should get it.

Level 2

Donald Trump and Kim Jong-un could get a Nobel Peace Prize. The two leaders could win the award after their historic meeting in Singapore. Betting companies cut their odds on one or both of them getting the prize. President Trump is now 2/1 to get it, either alone or as part of a team. North Korea giving up its nuclear weapons and the USA stopping "war games" with South Korea would definitely make the world a safer place. A Nobel Prize historian said: "If [there was] real disarmament on the Korean peninsula, it would be very difficult to not award them the prize."

The historic meeting between the leaders is a key event of the early twenty-first century. It was the first time ever that leaders from the U.S. and North Korea have met. The two men shook hands, met in private, had lunch together, and signed an agreement for a better future. Some people say they do not deserve the prize. They say the world is less secure because Mr Trump withdrew from the Paris Climate Agreement and upset the Iran nuclear deal. Critics also point to human rights issues in North Korea. Other people say South Korea's President Moon Jae-in deserves the prize.

Level 3

U.S. President Donald Trump and North Korean Supreme Leader Kim Jong-un could be in line for a Nobel Peace Prize. The two leaders have a chance of winning the award after their historic meeting in Singapore on Tuesday. Betting companies have cut their odds on one or both of them getting the prestigious prize. President Trump is now 2/1 to get it, either alone or as part of a team. North Korea giving up its nuclear weapons and the USA stopping its "war games" with South Korea would definitely make the world a safer place. Asle Sveen, a Nobel Prize historian, said: "If [there was] real disarmament on the Korean peninsula, it would be very difficult to not award them the prize."

The historic meeting between President Trump and Chairman Kim will go down in history as a key event of the early twenty-first century. It was the first time ever that a sitting U.S. President and a North Korean leader have met. The two men shook hands, met in private, had lunch together, and signed an agreement that promised a better future together. Some people say the two leaders do not deserve the prize. They say that the world is less secure because President Trump withdrew from the Paris Climate Agreement and destabilized the Iran nuclear deal. The critics also point to human rights issues in North Korea. Other people say South Korean President Moon Jae-in deserves the prize.
